RECAP:

Haruki and Hikaru are step-brothers with ten years age gap. While Haruki was constantly raped by Hikaru, he was mutually in love with his superior Hanabusa. However, because of Hikaru, they broke up. Although Haruki hates Hikaru for his job resignation, he seems to have given in to despair and seeks to be embraced. One day, Hikaru, who lied to his parent about going out, discovers Haruki has been under his mother's control...?
